

Join our classroom seminars from virtually anywhere.

TPC Training is proud to extend our legacy in instructor-led maintenance training to web-based learning with our industry-first seminars. This option allows students to connect to a live classroom seminar via a web link, with the ability to participate fully in the classroom dialogue, exercises, and Q&A. Online participants get all the benefits of the full classroom experience, plus the convenience of remote access.

Interact with our teachers by taking one of the Virtual Instructor-Led Training courses listed below through your computer or laptop.

Features include:

- Two full days of live, interactive instruction from a TPC Training instructor.
- All classroom materials in PDF format.
- Certificate of completion for 16 hours of live training.
- Full technical support to ensure your online experience is as rewarding as being in the classroom.
